Software Engineer that is passionate about designing eye-catching websites. Often contacted by friends to create their business apps. Earned a certificate in Full Stack Web Development from UNC Chapel Hill to learn frontend and backend coding. Designer on many group projects, with one implementing an animated footer! My love for CSS drove me to go the-extra-mile when building web applications that stand out!

TECHNICAL SKILLS

Frontend: HTML5, CSS, JQuery, Javascript, Bootstrap, The Dom, APIs, JSON

Backend: MySQL, Express, ReactJS, Node, Sequelize, Object-oriented programming, Agile, ES6, MVC paradigm
